

Summary of the:

GQA Level 2 NVQ Certificate in Domestic Fascia, Soffit and Bargeboard Installation

500/7826/4

Who is this qualification for?

This qualification is aimed at those who remove and install fascias, soffits, and bargeboards in the domestic market.

The standards cover the most important aspects of the job. This qualification is at Level 2, although some qualifications may have units at different levels, and should be taken by those who are fully trained to deal with routine assignments. Candidates should require minimum supervision in undertaking the job.

Candidates for this qualification will primarily be:

- Working on customer's premises, removing and installing fascias, soffits and bargeboards

Candidates could have jobs entitled:

- FSB Fitter or FSB Installer

What is required from candidates?

GQA qualifications are made up of a number of units that have a credit value or credits.

These credits must be achieved in the correct combination from mandatory and optional units. Candidates should achieve all of the mandatory units listed below, plus a minimum of 3 credits from the group of optional units. This makes the minimum credit value of the qualification 30 credits.

The units are made up of the things you need to know and the things you need to be able to do to carry out your job safely and correctly. These are called Learning Outcomes, and all must be met to achieve the unit.

Assessment Guidance:

Evidence should show that you can complete all of the learning outcomes for each unit being taken.

Types of evidence:

Evidence of performance and knowledge is required. Evidence of performance should be demonstrated by activities and outcomes, and should be generated in the workplace only, unless indicated under potential sources of evidence (see below). Evidence of knowledge can be demonstrated through performance or by responding to questions.

Quantity of evidence:

Evidence should show that you can meet the requirements of the units in a way that demonstrates that the standards can be achieved consistently over an appropriate period of time.

Potential sources of evidence:

The main source of evidence for each unit will be observation of the candidate's performance and knowledge demonstrated during the completion of the unit. This can be supplemented by the following types of physical or documentary evidence:

- | | |
|--|--------------------------------|
| • Accident book/reporting systems | • Photo/video evidence |
| • Safety records | • Work diaries |
